Description

You can get to the Nature Park House at Gachenblick by car or comfortably with the cross-country skiing and winter hiking bus ([see timetable](#)) (arrival at 11:12 a.m.) and hike to Fuchsmoos. The groomed ca. 2.5 m wide winter hiking trail (depending on snow conditions) leads in several loops through Piller forest and passes a deer feeding area. We kindly ask to be quiet and respectful in this specially designated area so that the deer is not disturbed while grazing. In Fuchsmoos you get back on the winter hiking bus at 3:19 p.m. and drive back to the starting point. The approximate walking time of this 8 km long winter hiking trail is 2 hours, so there is still ample time in advance to explore the area around the Nature Park House.
